## NOTES

1. Locations equivalent to barracks, for the purposes of this Order, include for example, locations such as the Military School, Casement Aerodrome and Camp Shamrock. Location will be identified in the manner described above, irrespective of whether the file includes references to more specific location(s) or does not specifically state the location. Where the file does state the location, the relevant numerical code will be applied to the location only once in a file, being the first time it is stated in the file.
2. Where the file does not state a relevant barracks or equivalent location but states a more specific location, the Defence Forces will identify the relevant barracks or equivalent location and will redact the first reference in the file to the more specific location with a visible marker corresponding to that relevant barracks or equivalent location.
3. Should the Tribunal require the Defence Forces to disclose the identity of any serving or former member of the Defence Forces and/or any current or former civilian employee of the Defence Forces and/or any current or former civil servant to the Defence Forces who is identified on the file by the marker "P[number]", this will be the subject of an Order for Disclosure.
4. Where the Tribunal provides the Defence Forces with the consent of an individual to his or her name being identified on the file, the Defence Forces will furnish the file to the Tribunal with such person/s identified without any anonymisation or pseudonymisation applied.
